

**BOROUGH OF WILMERDING
NOTES FROM THE JUNE 5, 2018 WORKSHOP**

ENGINEER – D. GILLILAND:

1. Demolition in progress. 401 Orient and 133 Watkins are complete. Starting 70 Morningside. Welsh/Orient slide, the PA Rock report was submitted to Allegheny County. They will submit the application to PEMA who will submit to FEMA.
2. May be another slide developing on Morningside. The road is sinking but it's impossible to see on the hill due to the vegetation.
3. GROW application for Herman Avenue is almost completed.

J. THOMAS: The scope of Herman Avenue is much larger we can't fund it because ALCOSAN takes so long to fund the grant.

C.LANG: do we know when the CITF funding will come?

D. GILLILAND: We will have to pay the contractor and show canceled checks.

P. SHURGOT: Ice Plant hill has water coming out of the hill in 2 places which floods out the YMCA lot and Westinghouse Avenue. Do you think something may be broken?

D. GILLILAND: Possible the catch basins needs cleaned. I will have to see where it's at.
